## **Desired Outcomes:**

- Improve in foundational skills identified for individual student need in the areas of Reading, Writing and/or Math.
- Increase passing rate and/or scores of Essential Learning Targets in Math.
- Increase passing rate and/or of Essential Skills in Language Arts.
- Improve Study Behaviors such as organization, staying on task, assignment turn - in rate.
- Improve their ability to advocate for their needs in all school environments.
- Identify and make progress toward identified post-secondary goals.

## **Course Description:**

Math Lab/College Ready Reading is a course designed for students who have IEP goals in a variety of areas. The overall focus of the class is twofold. Students are pre-assessed and taught specific skills targeted to increase foundational abilities according to individual academic need. In addition, gaining successful access and growth in general education content is another important focus. Students will be asked to work on foundational skills in their area of need individually, in groups and as a class. They will also be given instruction aligned with their general education math and/or language classes in the form of pre-teaching and/or re-teaching of concepts. This class will focus on in-class skill preparation and growth. Attendance, active participation and a good work ethic are required since preparation for essential skills tests and assignments will be a vital part of their success in core classes.

## **Grading Scale:**

|              |              |
|--------------|--------------|
| A = 93 - 100 | C = 72 - 77  |
| A- = 90 - 92 | C- = 70 - 71 |
| B+ = 88 - 89 | D+ = 67 - 69 |
| B = 82 - 87  | D = 60 - 66  |
| B- = 80 - 81 | F = 0 - 59   |
| C+ = 78 - 79 |              |

## **Grading Weights:**

50% - Active Skill Preparation/Work Ethic

50% - Assignments

## **Progress Reports:**

Parents and students may view class progress via Internet (Synergy) at their leisure from home.

## **Course Materials:**

Materials/Supplies: Pencil, lined loose leaf paper/notebook, basic calculator

Fees: None

## **Student Expectations:**

CAHPS students are expected to conduct themselves in a manner that promotes a proper learning environment and reflects positively on themselves, their classmates, teachers/staff, family

and community. Each CAHPS student automatically becomes a citizen of our school, both receiving privileges and accepting responsibilities to include:

- RESPECT FOR PROPERTY:** Keep CAHPS a clean, neat and safe environment.
- RESPECT FOR AUTHORITY:** Show respect, follow directions and identify oneself when asked.
- RESPECT FOR OTHERS:** Show courtesy and tolerance; respect differences; make others welcome.
- RESPECT FOR SELF:** Be successful and reach their full potential. Be the best one can be.
